

04-04-2011

Diane Ambrosio Ocean, Township of (Ocean) 50 Railroad Avenue Waretown, NJ 08758

Dear Diane Ambrosio,

Thank you for applying to participate in the Energy Efficiency and Conservation Block Grant Rebate Program (EECBG), a New Jersey Board of Public Utilities (NJBPU) initiative, managed by TRC Energy Services (TRC). This program is funded by the United States Department of Energy though the American Recovery and Reinvestment Act (ARRA). The project described below has been approved and EECBG funding has been committed based on information supplied in the application. This incentive commitment will be valid as long as the project is completed and supporting documentation is received by TRC prior to the expiration date.

Application # HU00323EECBG	Associated Program: Direct Install	Expiration Date: 8/1/2012
Estimated EECBG Amount: \$20,000.00	Account # 100020164735	
Project Location: 50 Railroad Avenue	Waretown, NJ 08758	

The EECBG amount listed in the table above represents the level of funding allocated for the proposed project. The final amount will be determined based on 1) actual equipment installed, which may be verified by a site inspection and 2) program terms and conditions, which limit the combination of the EECBG, NJ Clean Energy Program (NJCEP) incentives, and/or utility incentives to an amount not greater than the total project cost. In addition, certain utility programs may not fund 100% of the project cost.

As the customer, you are responsible for the contractor's work and any costs not covered by the EECBG and/or NJCEP or utility program incentives. You are also responsible for ensuring that all American Recovery and Reinvestment Act (ARRA) requirements are met including but not limited to, the wage requirements of the Davis Bacon Act (DBA) (40, USC 3141 et seq; 29 CFR 5.2(j)(1)(i)) and all Buy American provisions. Note that to the extent that the prevailing wage rates set forth in New Jersey's Prevailing Wage Act (N.J.S.A. 34:11-56.25) meet or exceed the federal DBA wage rates, the New Jersey rates must be paid. TRC, as the Commercial and Industrial Market Manager, may assign any or all of its rights and obligations under this Application, without the Applicant's consent, to any entity assuming responsibility for the New Jersey Office of Clean Energy's ARRA Program management duties.

The following supporting documentation is required at project completion:

- Equipment invoices, including a description of the equipment installed, quantity, and unit price (e.g. material price per fixture, motor, etc.) and separate indications for labor and materials. Please include your EECBG application number on all invoices.
- 2. Copies of weekly certified payroll
- 3. Copies of jobs report identifying hours worked by labor title
- 4. Certification related to compliance with Buy American provisions
- 5. All other required Energy Efficiency and Conservation Block Grant forms

For questions or assistance in completing your EECBG application, please contact TRC at the number below.

Very truly yours,

Ashley Miller

Program Coordinator

February 24, 2011

Maureen Johnson Hutchinson Mechanical Services 621 Chapel Rd Cherry Hill. NJ. 08034

Dear Mrs. Johnson:

We are pleased to inform you that the project listed below is approved based on the information you supplied which includes the Energy Assessment and Scope of Work Attachment.

Application #: HU00323

Project Name/Location: Township of Ocean (Municipal Building) 50 Railroad Ave – Waretown, NJ.

08758

Estimated Incentive: \$30,883.06

The estimated incentive represents the maximum incentive for the proposed project for the measures listed on the Scope of Work Attachment. The actual incentive paid will be based on actual equipment installed, subject to verification by a site inspection, up to the approved amount. Specifications of all equipment installed must meet or exceed minimum program specifications.

In order to process the incentive for payment, the following information must be submitted to the Market Manager upon project completion:

- 1. If the project "as built" is different than what was originally submitted, please include a revised version of the Direct Install Energy Assessment Tool
- 2. A copy of the signed Measure Acceptance Form, with the Customer's initials for installed measures only
- 3. Manufacturer's specification sheets for all installed equipment.
- 4. Documentation that the permits required for the project were obtained
- 5. Documentation of proper disposal of materials (lamps, ballasts, etc)
- 6. All other ocumentation as dentified in the Participating Contractor Services Agreement or through subsequent communication with the Market Manager
- 7. Documentation hat all ARRA requirements were met in accordance with the ARRA instructional package.

If you have any questions, please contact the undersigned at 732-855-0033.

Very truly yours.

Kevin Rivera

Project Coordinator

DIRECT INSTALL PROGRAM PARTICIPATION AGREEMENT

SCOPE OF WORK ATTACHMENT

"Parties":					
Participating Customer*:		Ocea	an Township		
Participating Contractor*:		Hutchinson			
Facility Name*:	Wa	retown/Ocean Town	ship Mnicipal Bu	ilding	
Facility Address:	50 Railro	ad Ave/Corlies Ave	Waretown,	NJ	08758
	Street		City		Zip
*as listed on Application					

When fully signed, this Scope of Work Attachment ("Attachment") shall become part of the Direct Install Program Participation Agreement ("Participation Agreement") previously executed by the Parties in connection with the installation of energy efficiency retrofit Measures to be performed by the Participating Contractor (or "Contractor") at the above listed Facility. This Attachment, together with the Participation Agreement shall constitute the full Agreement between the Parties. Terms capitalized herein are defined in the Participation Agreement.

The Participating Customer (or "Customer") agrees to have Contractor perform retrofit work in connection with the Measures listed on page 2 of this form (attached). In consideration of the Contractor's performance of such work, Customer agrees to pay Contractor based on the measure costs listed below under Customer Unit Cost for the number of completed units for each Measure upon receipt of invoice; provided the Contractor may collect a deposit from Customer prior to performing such work, in which case the final invoice shall be net of such deposit. Customer and Contractor understand that conditions discovered during installation may require that some measures identified in the energy assessment cannot be installed, or some areas may require additional measures/quantities to be installed. Should conditions in the field dictate that the Estimated Program Total Cost shown on page 2 increase by more than 10%, Contractor must obtain both Market Manager and Customer written approval in the form of an amended Scope of Work Attachment before proceeding with such additional work.

By signing below, the Parties agree the above listed Measures shall be installed by the Contractor. The Customer shall pay the Contractor as described herein following Completion and Acceptance of Measures. Customer certifies that he/she has the authority to contract for retrofit work in the Facility in connection with the Measures listed and, if the Customer does not own the Facility, the Owner has granted permission to Customer for performance of such work.

Participating Customer Date

Participating Contractor Date

Page 2 Scope of Work

The work to be performed by the Participating Contractor in connection with the Project shall be comprised of the below listed Measures in the estimated quantities listed:

Gas-Fired Furnace / Cove Area Storage	1	\$	5,815.24	\$ 2,326.10	\$	3,489.14
TOTALS**		\$	51,471.77	\$ 20,588.71	\$	30,883.06

^{*}Costs listed above are based on typical common field conditions and scope. All costs associated with project-specific circumstances that are over and above those deemed typical by the Contractor and/or Market Manager ("Special Costs") shall not be incentivized by the Program, but shall be paid fully by the Customer and performed outside of the Participation Agreement. Special Costs include but are not limited to: costs associated with the correction of code or safety violations, extraordinary scaffolding or crane costs, extraodinary resizing of penetrations, extraordinary conduit and piping runs, and Customer requests to perform work outside of normal business hours.

^{**}Maximum incentive amount per project is \$50,000. Measures that would qualify the project for funding through the American Recovery and Reinvestment Act (ARRA), are highlighted above with an 'A'. If any "ARRA measures" are included then the total incentive amount for all measures will be paid with ARRA funds, otherwise the total incentive amount will come from NJ Clean Energy funds.
