This is a priority Sustainable Jersey action! Don't flush your old drugs - Don't send them to the Landfill - Don't let your kids get them! (If you miss this Saturday, visit the Lyndhurst Police Department at any time, 24 hours a day, seven days a week, 365 days a year, to dispose of their unused or excess medications. Members of the public are invited to visit the Project Medicine Drop sites and drop off any unused prescription medications anonymously and with no questions asked.

Community: DEA Rx Take-Back Program : 04/29/2017

Dear Node User,

The [Drug](#) Enforcement Administration will hold a National Prescription [Drug](#) Take Back Day on April 29th, 2017. The program was initially set up by the DEA to prevent old medicine from falling into unauthorized hands as well as to keep it from being thrown away and seeping into water supplies. The Rutherford Police Department will participate in this program once again. Please bring your expired, unwanted or unused medication to the Rutherford Police Department lobby on Saturday, April 29th, 2017 from 10 am to 2 pm.

Rutherford Police Department: 184 Park Avenue

What should you do with unwanted drugs?

Apr 27th, 2016 | Posted by [Julia Seeger](#) in [Greentviews](#) | [Edit](#)

You may have been told previous to flush unneeded drugs, but did you know that has an effect on our waterways, increases the cost to treat the water and even then there are sensitive receptors that are being identified. **DON'T** Flush your drugs!

You may have been told previous to throw out unneeded drugs, but did you know that this increases contamination of landfill leachate, increasing the cost to municipal solid waste management. **DON'T** Throw drugs in garbage!
