Pill Hill Recycling Depot Electronics Recycling

In an effort to make it more convenient for Bernards Township residents, we now provide a local drop-off for the items listed below. These electronic items will be recycled through an approved facility. This is not only good for the environment; it also reduces the Townships disposal fees. This service is free of charge to all Bernards Township residents.

These following items will now be accepted at the Pill Hill Landfill:

Computer monitors, computers/laptops, keyboards, computer mice, modems, external drives, scanners, printers, copy machines, cables, other computer peripherals, VCRs, DVD players, stereos, radios, phones, fax machines, camcorders, electric typewriters, and most media (floppies, CDs, DVDs), telephones, cell phones, and similar products.

Note: Your card shall not be punched for disposal of the items listed above.

EXCEPT TELEVISIONS a fee of \$16.00 PER TELEVISION

Township Resolution #080212

Recycling of Fluorescent Bulbs Energy Efficient and Compact Fluorescent

Federal, State, and local regulations concerning used fluorescent lighting have escalated greatly. Much of today's lighting contains hazardous materials such as mercury, lead or PCBs. When these materials are released into the air or water it causes health concerns as well as harming the environment. It is important to keep these out of the waste stream.

In response to this, Bernards Township has developed a recycling program for this purpose.

The Department of Public Works located at 277 So. Maple Avenue is now accepting any type of fluorescent bulbs for recycling on:

Wednesdays and Fridays from 8:00AM-2:00PM

This is for residents only and I.D. is required. No businesses allowed. If you are a business and need guidance for a recycler of bulbs, please call (908) 204-2512 for more information.
