

Bernards Township Environmental Commission

Resolution

WHEREAS the Environmental Commission, as part of its mission, maintains a Natural Resource Inventory (NRI) for Bernards Township; and

WHEREAS the Environmental Commission completed a full revision and update of the Bernards Township Natural Resource Inventory in 2014; and

WHEREAS the Environmental Commission is identifying additional elements to be incorporated into the NRI in 2020;

BE IT FUTHER RESOLVED that it be the intent of the Environmental Commission to update the NRI on a cycle of at least every 6 years in order to identify, protect and prioritize the natural resources of Bernards Township.
