

Explore your solar options today!

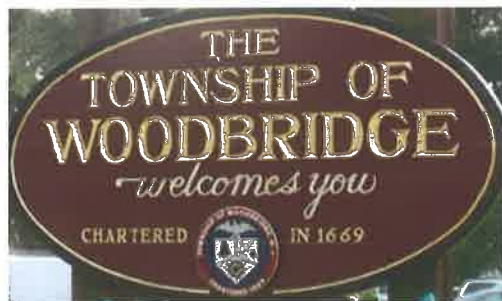

Woodbridge Township has partnered with Sustainable Jersey and EnergySage to help you receive and compare solar quotes

Compare solar quotes online & get honest advice

or start with an **Instant Estimate** of your solar savings

We're helping you go solar with confidence!

The Woodbridge Solar Challenge is a community-led program that is working in partnership with Sustainable Jersey and the EnergySage online marketplace to make buying solar transparent, simple, & effective.

What makes it a "Challenge" is that Woodbridge is competing against other municipalities in N.J. to achieve the highest number of new solar installations! Join the Woodbridge Solar Challenge today!

How the EnergySage Marketplace Works

The EnergySage Marketplace gets you quotes online from multiple, pre-screened local installers and helps you compare offers in an apples-to-apples format so you get the best deal.

**Step 1:****Register online**

Register and complete your property profile

**Step 2:****Pre-screened installers submit quotes online**

Installers compete for your business

**Step 3:****Compare quotes online**

Pick the best quote for you and save with solar!

[Learn more about the EnergySage Marketplace](#)

[Watch our 1 minute video](#)

“Our residents and small businesses will be able to comparison shop for competitive quotes from pre-screened installers and financiers. The Solar Challenge program raises the curtain on the process of vetting solar options so that people will not feel overwhelmed. It will make the process transparent, easy and affordable.”

John E. McCormac, Mayor of Woodbridge Township

is been walking on a very rough road which includes other ups and downs that unfortunately come along with it. Though he will never be completely cured or should I say healed, family, friends and most importantly himself for the

learned with the help from band member Pete Alpert. He has taught himself how to play the guitar and sing some of the songs and adds back to his life and night to try to become good enough to play music. Education paid off when he was officially initiated into the band. When asked, what inspired him to pursue his ambition, I always had a passion for music but I actually didn't because I really never thought I could ever be good enough to play in a band? He replied "It's overwhelming, enjoying the music and dancing along." After the band was formed, the questions started popping out of my head. I asked him, did you ever think you would be a professional and kids feel about you playing and what

have really never ever thought about being in a band to play an instrument. What kind of gave me the idea of mine reminded me of the way I use to be in the K-of-C football. I would always tell them that I was tougher."

FORMER JFK AND WHS GRADUATES ORGANIZE NEW TOWNSHIP SOLAR PANEL PROJECT

Pictured here, left to right, are former JFK graduate Tom Flynn, and WHS graduate Jeff Mayerowitz, working out of the Mayor's Office, planning the October kickoff for the new Solar Panel Project in town. A project of the township's Green Team, residents can more easily learn how to get solar panels on their homes, save money, promote local green industry, and help combat climate change.

talented unique musicians." Some of the other people that Inspire Dan is Jerry Garcia (Grateful Dead), Neil Young, Bob Dylan and Bruce Springsteen. All these musicians have or had one thing in common, Poetry. Poetry is a big part of what Dan listens to in songs. He says that the lyrics are more meaningful to him than the music.

Greenable Woodbridge

Woodbridge Named 2016 Sustainable Jersey™ Silver-Level Champion

Woodbridge Township was named the 2016 Sustainable Jersey™ Silver-Level Champion at the 8th Annual Sustainable Jersey award ceremony hosted by the New Jersey League of Municipalities.

WINNER'S NOTE: 2016 stands as the Seventh Year (2009-2013, 2015 - Greenable Woodbridge did not compete in 2014) that Woodbridge garnered the Sustainable Jersey

Champion title in the large municipality category (2009-2013, 2015). Woodbridge competed against 198 Sustainable Jersey Certified Municipalities and 440 participating municipalities in the Sustainable Jersey competition, earning Sustainable points with 92 actions in 18 separate categories - scoring a record 1,035 points. Visit www.twp.woodbridge.nj.us to learn more about Sustainable Jersey and Greenable Woodbridge.

Greenable Woodbridge Sets Pace with National 3-STAR Rating

Greenable Woodbridge is all about developing a thriving, sustainable economy that leads to future economic and environmental vitality. Greenable Woodbridge has also been awarded a 3-STAR Community Rating for national leadership in Sustainability. The prestigious STAR Community Rating designation is awarded to a municipality only after an extensive review that evaluates the livability and sustainability of the community. Today, more than 85 communities, representing 34 million residents, participate in STAR. Other 3-STAR certified communities include Albany, New York; De Moines, Iowa; Fort Collins, Colorado; and Indianapolis, Indiana.

Woodbridge Solar Challenge: Sign-Up Today!

Greenable Woodbridge has taken the Solar Challenge and is one of only seven New Jersey municipalities selected for the Sustainable Jersey Solar Challenge program - a custom online solar marketplace designed to assist Woodbridge businesses and homeowners secure a simple, cost-effective way to install solar.

The Woodbridge Solar Challenge was developed to help answer residents' questions about solar and to make it simple and easy to purchase a solar energy system. Solar Challenge takes advantage of Sustainable Jersey's partnership with EnergySage - an online solar marketplace developed with the support of the U.S. Department of Energy. This free service helps residents learn about - and shop for - a solar energy system with absolutely no obligation to make a purchase.

Follow the simple three-step process to learn more about the Woodbridge Solar Challenge:

- Step 1: Visit www.woodbridgesolar.com
- Step 2: Register online and complete your property profile
- Step 3: Pre-screened installers submit quotes online
- Step 4: Compare quotes online and pick the best one to start saving with solar

THE WOODBRIDGE NEWS • Fall 2010

JFK and WHS Graduates Organize New Township Solar Panel Project
Pictured here, left to right, are JFK graduate Tom Flynn, and WHS graduate Jeff Mayerowitz, working out of the Mayor's Office.

THE WOODBRIDGE SOLAR CHALLENGE

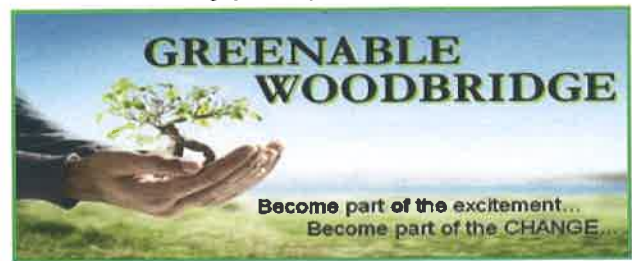

Woodbridge Township is a pilot community in Sustainable Jersey's Solar Challenge. Harry Bernstein recently spoke with Jeff Mayerowitz and Tom Flynn, who work out of the Office of Mayor John E. McCormac, and who are spearheading the township's efforts. In addition, Mayor McCormac noted that: "Our residents and small businesses will be able to comparison shop for competitive quotes from pre-screened installers and financiers. The Solar Challenge program raises the curtain on the process of vetting solar options so that people will not feel overwhelmed. It will make the process transparent, easy, and affordable," said Mayor John E. McCormac

- 1.) What is the Woodbridge Solar Challenge? The Woodbridge Solar Challenge is a community-led program that is working in partnership with Sustainable Jersey and the EnergySage online solar marketplace - making buying solar transparent and simple.
- 2.) What makes it a "Challenge"? Woodbridge is competing against six other municipalities to achieve the highest number of new solar installations! The duration of the challenge is from October, 2016 through May, 2017.
- 3.) Who is EnergySage? EnergySage is an online solar marketplace developed with the support of the U.S. Department of Energy. The EnergySage web-based interface offers consumers online comparison-shopping, providing an experience similar to buying a car or airline tickets online. Because the online solar marketplace is open to all solar vendors who meet the Solar Challenge/EnergySage vetting criteria, consumers have access to multiple high quality contractors. The EnergySage installer screening process notes that solar companies listed on the site must have at least 3 years of experience installing solar PV; be licensed and insured for solar PV; NABCEP certified; have a reputation for excellent customer service and quality solar installations; and use high quality solar equipment. The EnergySage online solar marketplace has a wealth of educational resources and videos to help answer questions about the process of purchasing a solar system and how solar systems operate. For more information visit www.woodbridgesolar.com
- 4.) What makes this program unique and exciting? This program seeks to reduce the confusion of buying solar, and it allows residents to comparison shop for solar online. Residents can connect to the EnergySage marketplace to shop for solar, instead of being shopped by installers. This program reduces confusion for the buyer, and streamlines the number of potential clients for reliable local installers.
5. What are the Township's goals for launching this program? The program seeks to increase the number of solar installations in the community in order to enhance Woodbridge Township's sustainability, and to help invigorate local solar businesses. Thus, combating climate change while making it easier and more transparent for members of the community to get solar power. And, to promote local green industry.
6. How can a homeowner or small business participate? It's a simple three step process:
Step 1: Visit www.woodbridgesolar.com, register online and complete your property profile
Step 2: pre-screened installers submit quotes online
Step 3: compare quotes online and pick the best one to start saving with solar
For further inquiries please contact: WBSolar@twp.woodbridge.nj.us

WOODBRIDGE TOWNSHIP - LEADER IN SUSTAINABILITY

Woodbridge Township was named the 2015 Sustainable Jersey™ Silver-Level Champion at the 7th Annual Sustainable Jersey award ceremony hosted by the New Jersey League of Municipalities. WINNER'S NOTE: 2015 stands as the sixth year (out of seven) that Woodbridge garnered the Sustainable Jersey Champion title in the large municipality category. Woodbridge competed against 41 Sustainable Jersey Certified Municipalities and 378 participating municipalities in the Sustainable Jersey competition, earning "sustainable points" with 83 actions in 17 separate categories - scoring a record 905 points. Visit the Greenable Woodbridge web page at: www.twp.woodbridge.nj.us to learn more about Sustainable Jersey and Greenable Woodbridge.

Sustainable Jersey is a certification program for municipalities in New Jersey. Launched in 2009, Sustainable Jersey is a nonprofit, nonpartisan organization that supports community efforts to reduce waste, cut greenhouse gas emissions, and improve environmental equity. Sustainable Jersey is empowering New Jersey towns to build a better world for future generations. It provides tools, training and financial incentives to support and reward communities as they pursue sustainability programs. New Jersey is the first state in the nation to have a comprehensive sustainability program for communities that links certification with strong state and private financial incentives, and a fully resourced program of technical support and training. Sustainable Jersey is 100% voluntary and each town can choose whether it wants to get certified and the actions it wants to do in order to achieve enough points to get certified.

Woodbridge Solar Challenge

The Woodbridge Solar Challenge is a Township-organized program to encourage homeowners and businesses to go solar. Woodbridge Township has partnered with Sustainable Jersey, a 501(c)(3) nonprofit and EnergySage, an online solar market place to help you receive and compare solar quotes. Take Advantage of the Program NOW!!! The Solar Challenge ends in May 2017!

About the BioBlitz:

Woodbridge Township is partnering with The Rutgers Wildlife Conservation and Management Program to host the 2017 Ernie Oros Wildlife Preserve BioBlitz this June 2017! A BioBlitz is a 24-hour race against time to count as many species as possible in an area. Teams of scientists, students, and community members come together to find and identify plants, birds, mammals, frogs, lizards, turtles, snakes, and insects! There will be special events and activities for the public to take part in, including walks and talks led by scientists from Rutgers University. Come join us on June 3rd for this special opportunity to discover the diversity of life right in our own backyards in Woodbridge Township.

Storm Safety:

Be safe during any seasonal storm! Do not walk or drive through flooded areas. And be sure to stay away from downed power lines and electrical wires!

Greenable Woodbridge

Greenable for Residents Greenable Woodbridge & Ciel Power Offer Home Energy Assessment Program

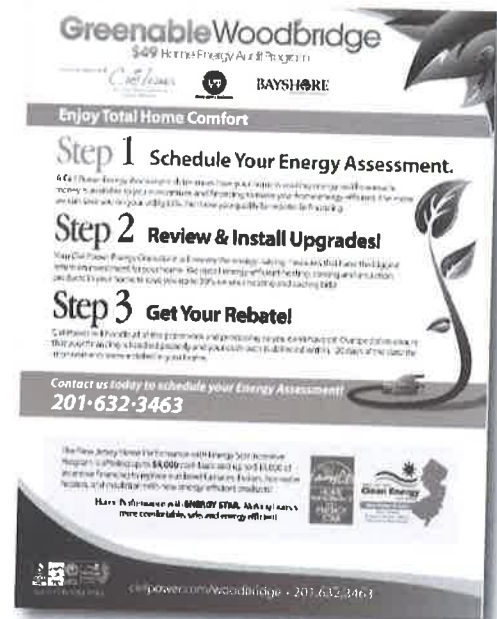

Looking to make your home more comfortable and energy efficient?

Get cash back and financing incentives through the township-wide Greenable Woodbridge Home Energy Audit program.

For a special rate of \$49, Woodbridge Township homeowners receive a comprehensive home energy assessment and may qualify for up to \$4,000 in cash-back incentives and up to \$15,000 worth of incentive financing available through the New Jersey Home Performance

with Energy Star program.

This program can help homeowners achieve up to 30 percent savings on their energy bills while reducing their environmental impact. The program covers upgraded insulation, heating systems, air-conditioning systems, and hot water systems. Contact Ciel Power, the Township's energy assessment provider, at: www.cielpower.com/woodbridge for more information about the Home Energy Assessment program.

Greenable Woodbridge
\$49 Home Energy Audit Program

Enjoy Total Home Comfort

Step 1 Schedule Your Energy Assessment.
A Ciel Power Energy Consultant will inspect your home to identify energy efficiency opportunities, provide a detailed report, and recommend upgrades to improve your home's energy efficiency. The more you know about your home's energy use, the more you can do to reduce it.

Step 2 Review & Install Upgrades!
Your Ciel Power Energy Consultant will help you decide which upgrades to implement. Ciel Power will then schedule a team of professionals to install the upgrades, ensuring they are done correctly and safely.

Step 3 Get Your Rebate!
Ciel Power will handle the paperwork and rebate process for you. You'll receive your cash-back rebate within 30 days of the audit.

Contact us today to schedule your Energy Assessment!
201-632-3463

The New Jersey Home Performance with Energy Star incentive program is a partnership between the NJ Office of Energy and the U.S. Department of Energy. It provides homeowners with up to \$4,000 in cash-back incentives and up to \$15,000 in financing to help them reduce their energy bills and improve their home's energy efficiency.

Have a Homeowner? Call **201-632-3463** today to learn more about this program and how it can help you save money on your energy bills.

Sustainable Woodbridge Advances Safe Routes to School

One of the most important parts of a Sustainable community is to reduce the use of automobiles, thus reducing the carbon footprint. Greenable Woodbridge knows that the starting point for a great education and a sustainable community is getting to and from schools safely. And, that's why

Greenable Woodbridge supports the Safe Routes to School program, a nationwide movement to enable and encourage children in grades K-8 to walk and bicycle safely to school. The 3 "E's" – education, environment and encouragement – are the foundation of the Safe Routes to School program.

Greetings from Greenable Woodbridge!

Dear Woodbridge Resident:

You have likely heard a lot of buzz about solar energy! If you're like most people, you have many questions and solar may seem complex and confusing. The Woodbridge Solar Challenge was developed to help answer questions about solar and to make it simple and easy to get a great deal on a solar energy system of your own.

The Woodbridge Solar Challenge has partnered with Sustainable Jersey, a 501(c)(3) nonprofit organization and EnergySage, an online solar marketplace that was developed with funding and support from the US Department of Energy. This free service will help you learn about and shop for a solar energy system with absolutely no obligation to make a purchase in the end. To participate in this program, simply visit www.woodbridgesolar.com

The great news is that more than 50,000 New Jersey homeowners have gone solar which serves to further protect our environment, reduce our carbon footprint, and save on the cost of energy. . An average homeowner in New Jersey saves enough money each year from reduced electricity bills and other incentives to pay back their initial investment in 5-7 years. And, you can go solar with no money down through various loan and leasing programs!

Sign up today for free solar quotes and help us spread the word about the Woodbridge Solar Challenge today. www.woodbridgesolar.com

Sustainably yours,
The Woodbridge Solar Challenge Team

Woodbridge Solar Challenge FAQ

Who is Woodbridge Township working with to launch the Solar Challenge program?

- Woodbridge Township is working with Sustainable Jersey a 501(c)(3) nonprofit organization, who partners with EnergySage to encourage the adoption of solar energy.
 - **Sustainable Jersey** is a 501(c) (3) nonprofit organization, which supports N.J. community efforts to reduce waste, cut greenhouse gas emissions, and improve environmental equity.
 - **EnergySage** is an online solar marketplace developed with the support of the U.S. Department of Energy.

What is the Woodbridge Solar Challenge?

- The Woodbridge Solar Challenge is a community-led program that is working in partnership with the EnergySage online marketplace - making buying solar transparent and simple.
 - **What makes it a "Challenge"** is that Woodbridge is competing against six other municipalities to achieve the highest number of new solar installations!
 - **The duration of the program** is from October, 2016 through May, 2017.

What makes this program unique?

- This program seeks to reduce the confusion of buying solar, and it allows residents to comparison shop for solar online.
 - **The uniqueness of this program** is that residents connect to the EnergySage marketplace to shop for solar, instead of being shopped by installers.
 - **This program reduces confusion** for the buyer, and streamlines the number of potential clients for reliable local installers.

What makes the online EnergySage process easy and reliable?

- The site was developed with the support of the U.S. Department of Energy, and when residents shop on the site they can expect a match making type of process that has been described as the Trivago or Priceline for solar.
 - **It's a simple three step process:** Step one: register online and complete your property profile, Step 2: pre-screened installers submit quotes online, Step 3: compare quotes online and pick the best one to start saving with solar.
 - **The EnergySage installer screening process** notes that solar companies listed on the site must have at least 3 years of experience installing solar PV; be licensed and insured for solar PV; NABCEP certified; have a reputation for excellent customer service and quality solar installations; and use high quality solar equipment.

What are the Township's goals for launching this program?

- The program seeks to increase the number of solar installations in the community in order to enhance Woodbridge Township's sustainability, and to help invigorate local solar businesses.
 - **Combating climate change** while making it easier and more transparent for members of the community to get solar power.
 - **Promote local green industry.**
