Subject: re: NJ Sustainable land Use Pledge- Planning Board

Hi All,

Attached you will find Trenton's Land Use Pledge that was approved by City Council on July 19th, 2012. Please be advised that we are still in the process of always improving on our Sustainability efforts and have incorporated a few of these ideas within our Trenton250 Master Plan. The Pledge stills stands as a reminder that we are workings towards a Sustainable City. While we are applying for Sustainable New Jersey credits again, remind yourselves of this document, to think how the objectives and the pledge can help provide a view to evaluate development applications going forward. If the Board would like for us to add this item as part of a discussion at the next meeting, please let us know.

Thank you

Stephani
